

## Riwaka sister teams vie for bragging rights

### Riwaka Old Girls Sky 39 bt Riwaka Old Girls Blue 25

Once again the two sister teams came up against each other and, despite the Sky team leading the championship, the Blue team kept them on their toes right to the end.

The first half saw the Sky team up only by one, and even at three quarter time they were still up only by three.

With positional changes made, the Sky team pulled away in the last

quarter to take the win.

Sky GA Sophie Hobson played a sound game throughout and with a goal average of 94% she was awarded Astrolabe Fashions POD.

Blue W.A. Hayley Fox also played well on the attack and defence giving her The Mooring POD.

## Rejuvenated Mavericks score big win

A rejuvenated Mavericks Senior Men's hockey team recaptured their first round winning streak on Saturday when they soundly defeated Nelson College 6 - 1.

The Mavericks have had two recent second round one-goal losses against Endeavours and Stoke Gold, and in those games in no way had they looked even a patch on their promising first round performances.

This weekend's effort rekindled their hopes for title honours. They are now one point adrift of the leaders.

In Saturday's game, strikers' goals were going into the net and penalty corners were taken accurately.

This was not happening in their previous two games.

Nelson College defender about to clear the ball with Mavericks Daniel Phillips and Chase Brown on attack.

With three more matches to play before the semifinals the Mavericks will have to

maintain their winning momentum. Goal scorers were Chase Brown 3, Dylan Brown 1, Daniel Phillips 2.
