Still enjoying her squash - Local squash C Grade winner Lyn Blows

## Lyn Blows comes up trumps

Lyn Blows is a true blue local, having been born and bred in Motueka. She has belonged to the Motueka Squash Club for twenty-two years and is still recovering from her excitement at having her first win in any division – she is generally there or thereabouts so to win last weekend was just fantastic.

On Sunday 22nd January, at a three day tournament being held at the Celtic Club in Nelson she overcame her opponent to win her C Grade Division.

Lyn's opponent in the final was Anne Shee also from Motueka. Anne and Lyn play each other weekly at the local courts on a friendly basis so when Lyn knew she was to play off against Anne Lyn exclaimed "Oh no, she is so

good".

Anne has flown up through the grades having recently been introduced to the game of squash just a couple of years ago.

Anne won the first set, Lyn the second, Anne the third, Lyn the fourth and then it was a true test of wills and skills and Lyn finally won the fifth game 16-14 after a hard fought battle against her squash friend!

They have both been too tired to enjoy their weekly 'friendly' this week.

Lyn would like to extend a special thanks to Shona Seymour for coaching the ladies.

'The squash club would like to see more young people taking up the game' says Lyn.
